Dear Parents and Carers

Website Calendar – Parental Events and Opportunities

In the summer term we asked for your views on Belmore and we were really happy with the overwhelmingly positive comments that were given by yourselves. We are immensely proud to be viewed highly by you and are glad we are in your eyes as parents providing and enriching and positive educational experience.

However, we also had areas in which we wanted to reflect on the feedback. Two areas included, increased opportunities for parental engagement and advanced notice for school activities as much as possible. Therefore, we have begun to upload and update events onto our whole school calendar which can be found online. This is a live system and it is therefore necessary for parents to check regularly.

We have also hosted our Meet the Teacher parent meetings in September which were well received and the PowerPoint presentations and information will shortly be uploaded onto the website. We are also looking to host workshops for Parents on the key areas identified within the survey that parents felt they needed most support.
