

# YEAR 6 CURRICULUM NEWSLETTER

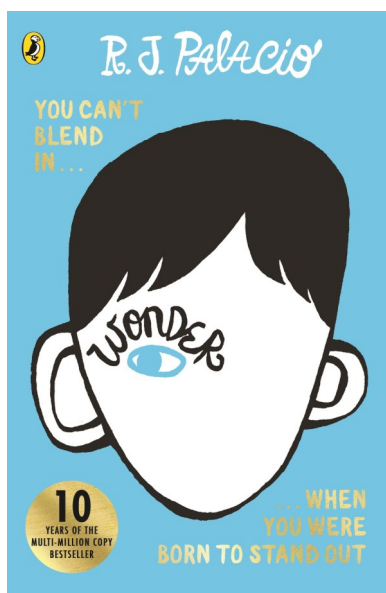

SUMMER TERM 1 2025

This term in Year 6, your child will be participating in some exciting new learning. To get them ready for this and to support you in understanding some of what they will be learning at school, we have collated some ideas for you to enjoy together at home and out and about.

## Topics we will be learning about:

- Science - Circulatory System - Heart, Blood Vessels and Blood
- Geography— Globalisation and Trade
- Maths - SATs revision (Number, 4 Operations, Fractions, Decimals and Percentages, Measure, Geometry)
- Reading - Wonder
- PSHE - Valuing Differences
- Writing - Persuasive letters
- Art—Disney through the Decades

## Books we are sharing in school:

## Books to read/listen to and share at home:

**Maths:**

In maths, we will be revisiting key concepts we have learned this year in order to prepare for our SATs. This will include Number, 4 Operations, Fractions, Decimals and Percentages, Measure and Geometry. If your child has any areas they need more practice in, please speak to their class teacher so we can support them.

**Things to create for Dojo points:**

- Draw or make a model of the circulatory system—use red and blue balloons to represent oxygenated and deoxygenated blood
- Create a poster representing the life cycle of a fair trade product. Compare it to the same product that is not fair trade.
- Research the art style of Disney films. How has it changed over the years?
- Create a model showing the relationships Auggie has with his family and friends. What metaphor can you use to represent them?

**Places to visit:**

- The Wellcome Collection—a museum related to health, medicine and human experience.
- National Maritime Museum, which has a Traders Gallery showcasing the East India Company.
- Food markets such as Borough Market, Portobello Road Market, and Covent Garden Market
